AND...

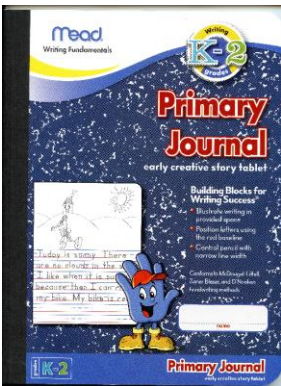

One package of Tri-Conderoga black #2 pencils

The package has 6 triangular soft touch larger sized pencils just right for first grade use. These can be purchased at Staples for about \$4.00. One package should be enough to last each student until we transition to a regular pencil in the middle of the school year. You may take out the bonus pencil sharpener and keep one pencil at home for use at their homework station.

One Mead Primary Journals for grades K-2

This can be purchased at WalMart for about \$3.00. These will be used throughout the year, but we have found out in previous years they were not easy to find after September.

Please ONLY LABEL ** ITEMS with your student's name before school begins!

Thank you!
